RECRUITMENT STATISTICS

UIT – RGPV DIRECTOR

Dr. Sudhir Singh Bhadauria, Director of UIT RGPV, has always focused on preparing students to be industry-ready professionals. Over the years, RGPV students have consistently performed well in various roles, earning the trust of recruiters by facing challenges with confidence and regularly exceeding expectations.

Dr. Sudhir Singh Bhadauria

TNP – RGPV DIRECTOR

Dr. Shikha Agrawal, Director of the Training and Placement Cell at RGPV, has consistently focused on providing students with better opportunities. Earlier, she worked as a faculty coordinator. She is committed to helping students grow, develop, and improve their personalities through various platforms.

Dr. Shikha Agrawal

MESSAGE

At UIT RGPV, we take pride in empowering students to become future-ready engineers. Our curriculum is designed to build strong technical skills while nurturing critical thinking, ethics and creativity. Our students excel in diverse roles, earn the confidence of recruiters and leave a meaningful impact on both industry and society.

MESSAGE

At RGPV's Training and Placement Department, we foster strong industry-academia collaboration through focused training and development programs. Our students consistently excel in various roles, supported by robust academic and extracurricular initiatives. They have gained the trust of recruiters, alumni, and industry partners in achieving organizational success.

DEPARTMENT-WISE STRUCTURE

Computer Science Engineering

Empowering students with cutting-edge computing skills and problem-solving abilities for the digital era.

UIT-RGPV

Mechanical Engineering

Molding innovators in design, manufacturing, and automation for industrial excellence.

Electronics and Communication

Bridging hardware and software to build smart communication systems and devices.

Information Technology

Focusing on software development, data management, and emerging tech to drive innovation.

Electrical and Electronics

Shaping future engineers to design and manage efficient electrical systems and power networks.

Civil Engineering

Laying the groundwork for a better future with sustainable and resilient infrastructure solutions.

Petrochemical Engineering

Preparing professionals for the energy sector with skills in chemical processing and fuel technology.

Automobile Engineering

Driving future mobility with expertise in vehicle design, dynamics, and performance.

AIML

CSEAIML: Focusing on intelligent systems and ML techniques to solve real-world challenges with smart solutions.

SOIT-RGPV

Business Systems

CSBS: combines computer skills with business knowledge to create tech-savvy and industry-ready professionals.

Data Science

CSEDS: Equipping students to extract insights and drive decisions through advanced data analytics and AI.

2022-23

S. No.	Range of CTC	Number of Students
1.	Highest Package (in LPA)	44
2.	Average Package (in LPA)	6
3.	CTC Below 3 LPA	38
4.	CTC Equal and Above 3 to Below 5 LPA	326
5.	CTC Equal and Above 5 to Below 8 LPA	131
6.	CTC above 8 LPA	33

2023-24

S. No.	Range of CTC	Number of Students
1.	Highest Package (in LPA)	54
2.	Average Package (in LPA)	6
3.	CTC Below 4 LPA	140
4.	CTC Equal and Above 4 to Below 6 LPA	74
5.	CTC Equal and Above 6 to Below 9 LPA	112
6.	CTC above 9 LPA	15

2024-25

S. No.	Range of CTC	Number of Students
1.	Highest Package (in LPA)	27
2.	Average Package (in LPA)	5.5
3.	CTC Below 3 LPA	54
4.	CTC Equal and Above 3 to Below 6 LPA	226
5.	CTC Equal and Above 6 to Below 8 LPA	101
6.	CTC Above 8 LPA	64

TESTIMONIALS

DHEERAJ ASSUDANI

**Senior Technical Program Manager,
Amazon**

"Education is the most powerful weapon which you can use to change the world." – Nelson Mandela.

UIT RGPV is a wonderful institute in terms of faculty, infrastructure, location, placements. It was one of the best decisions I made.

I would urge all my juniors to make the best use of these 4 years. Study really really hard, participate in extra curricular activities, organize and participate in events, develop leadership skills, have fun, make friends, develop a strong alumni network, share positives about the institute to outside world and take every effort to make UIT RGPV No 1 engineering college of India.

SMRITI SAXENA

Associate Director, Deloitte India

Be passionate and work towards your passion. Success will follow.

AKANSHA JAIN

SoC Design Engineer, Intel

Work hard, have faith, build your skills, make strong resumes, look for opportunities outside campus as well.

There is no shortcut to success.

ABHAY SHARMA

**Senior Enterprise Software Engineer
Wolters Kluwer**

Focus on building self brand and start preparing for the coming job market. During your 1st half phase of college life, make sure that you work on your soft skills like: decision making, understanding what is right or wrong, should be able to walk alone when no one is there, ability to do multi tasking, make sure what ever you do its accurate and error free or less errors, open your mind and keep learning. This will help you a lot in future. Hard skills can be acquired during job depending on requirement.

ASHISH SINGH

IT Manager, P&G

Personal Tip: Your syllabus is the floor and the market specific learning is your target. College studies are your bare minimum, the market should value you. Keep your eyes and ears opened for the new trends that are coming.

Interview Tips: Keep your soft skills as perfect as possible. Interviews are not like exams, it is a conversation between two parties trying to solve problems together. Be Adaptive & Be Agile. All the best for your future

SMITA MAKWANA

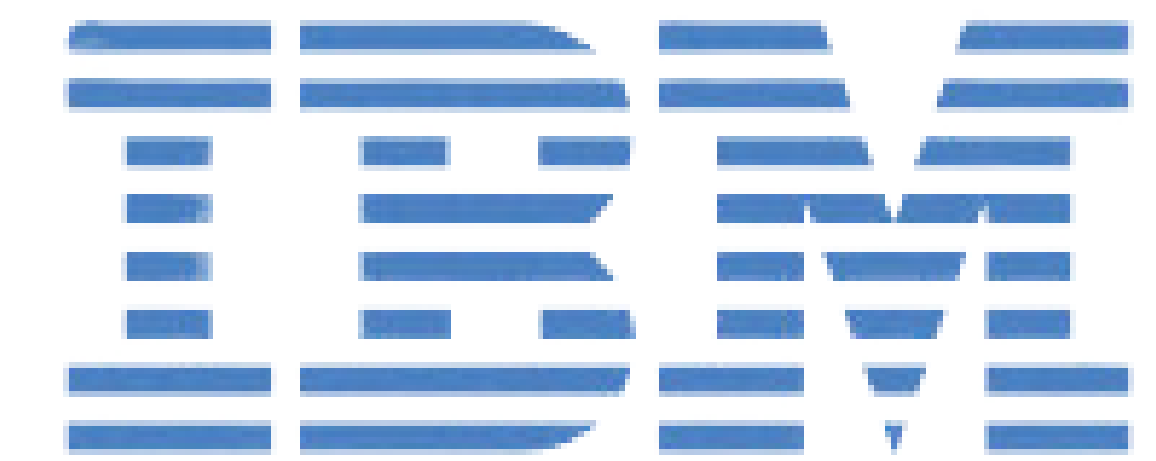

**Vice President, JPMorgan
Chase & Co.**

Learned a lot in this college. Very supportive faculty. Had a wonderful time here. Just want to say stay focused and keep learning. Your actions today will determine your future success.
